

# Information Security for ISOs

What participants are saying:

*"I found the classes to be informative and in a language that I understood."*

- Compliance Officer,  
First Choice America Federal Credit  
Union

*"Provides you with not only what your regulators are looking for but what you need for the job function going forward."*

- Chief Technical Officer,  
Stephens Federal Bank

*"I have been to several classes and all of them have met and exceeded my expectations. The instructor is very open to questions and the hands on experience is fantastic."*

- Network Administrator,  
First Community Nat. Bank

*"Excellent presentation. Lots of good group discussion. The instructor always took the time to answer questions and there was as much one-on-one as necessary. Overall, came away much more comfortable with the process."*

- Network Administrator,  
State Bank of Georgia

**INFORMATION SECURITY FOR ISOs TRAINING CLASS OBJECTIVE:** To train designated personnel to be effective Information Security Officers (ISOs) and define objectives of a written Information Security Program based on the requirements outlined in Section 501b of the Gramm-Leach-Bliley Act (GLBA) and the FFIEC guidelines for Information Security.
