

## Risk and Security

What participants are saying:

*"The instructor was down to earth and did not try to impress us with IT jargon. He spoke to us on our level so that we fully understood the information."*

- Network Administrator,  
Georgia Bank and Trust

*"I have been to several classes and all of them have met and exceeded my expectations. The instructor is very open to questions and the hands on experience is fantastic."*

- Network Administrator,  
First Community Nat. Bank

*"This class was very helpful to me and presented in a way that held my interest."*

- Network Administrator,  
Forest Commercial Bank

*"Excellent presentation. Lots of good group discussion. The instructor always took the time to answer questions and there was as much one-on-one as necessary. Overall, came away much more comfortable with the process."*

- Network Administrator,  
State Bank of Georgia

**RISK AND SECURITY TRAINING CLASS OBJECTIVE:** To examine and discuss risk management as it relates to information security. Pulling critical information from the FFIEC IT Handbooks, we have developed an educational program aimed at providing bank employees with an understanding of the regulations set and potential compliance solutions. The class begins with a baseline understanding of information security as it applies to any industry or company and then is followed by guidance from the FFIEC IT Handbooks including Business Continuity Planning, Management, Operations, Audit, E-Banking, Outsourcing, and Development and Acquisition. The class is designed for financial institution employees who manage risk as it relates to information security.

Two-day training class covering:

- Risk Assessments with examples of a quantitative approach
- Business Continuity Planning
- Business Impact Analysis
- Pandemic Planning
- Network Hardening
- Real world solutions or suggestions for compliance
- Sample Examiner Questionnaire questions and responses
- Role of the Information Security Officer
- Red Flag Guidelines
- Management
- Operations
- Audit
- E-Banking
- Outsourcing
- Development & Acquisition
- Gramm-Leach-Bliley Act
